To Whom It May Concern,

Bradley Allen provided live music for our wedding rehearsal dinner on May 12th, 2000, at the Kansas City Club. They showed up on time, dressed in the proper attire for the event. They performed nice, background jazz, at just the right volume level, thereby creating an elegant atmosphere.

After the dinner, they were even able to perform some nice, tasteful swing and rock and roll for those who wished to dance. Again, the music was performed at just the right volume level.

I would strongly recommend Mr. Allen's musical services to others.

Sincerely,

Karen Kohn
