

**To Whom it May Concern:**

**Tim and I had Bradley Allen and his band perform during our wedding reception on September 23<sup>rd</sup>, 2000. The reception was held at the Mission Hills Country Club, in Kansas City.**

**They performed nice, relaxing jazz for dinner. For the dance, they played a wide range of material, from swing, to oldies rock and roll. They even worked up a special song for our first dance. The band kept people dancing, and we received lots of compliments on the music.**

**Needless to say, I'm recommending his band to others.**

**Sincerely,**

**Melissa Kemp Hendricks**
